

Minutes - 11/25/2016

Contributors: Sam, Muyi

- Discussion about what presentation on tuesday needs to cover
  - Need demand and supply profiles
  - Everyone needs to do their 'part'
    - Everyone needs to have material to present for 3 minutes
    - Explain what they have now, what they are doing in the future
      - E.g. over xmas vac
  - Need block diagram and spreadsheet
  - Need to decide on order of presentation (lower priority)
- By end of term goals
  - Models in aspen need to be done (first pass) and **put information into Sam's spreadsheet**
  - Flow rates need to be decided for individual components (first pass)
  - Initial design choices should be made

**Meeting again Monday, Nov 28th at 11:00 am in Software Lab A**
